

## White Trailer Load Plan Checklist

### Step 1

Place all pioneering rope bins at the forward section of the trailer. The heaviest containers (50' and 40') go at the bottom.

### Step 2

Place three tables sets (Patrol 4, Patrol 5, and one SM) on the left side of the trailer. Ensure that ALL tables have straps around them.  
 Use a strap to hold all the tables against the wall of the trailer.

### Step 3

Stack Patrol 4 and Patrol 5 tarps on top of the pioneering containers. Make sure that the tarps are dry.

**Wet tarps will not be placed in the trailer. Contact a Scoutmaster for further direction.**

### Step 4

Place Patrol 4 and Patrol 5 water containers, charcoal starters and lanterns on the right shelf. Ensure that all items are constrained by a rubber cord.  
 Place Patrol 4 and Patrol 5 flags in the PVC tube under the right shelf.

### Step 5

Place Patrol 4 and Patrol 5 propane tanks in the white propane box. Stack short 2x4 pieces of wood around the edge of the box to support the box lid.  
 Place one fire extinguisher in the center section of the propane box.

### Step 6

Place Patrol 4 and Patrol 5 propane trees on top of the tanks in the notches. Ensure that the propane box lid closes easily without force.

### Step 7

Place the white propane box in the trailer as shown

### Step 8

Nest the Patrol 4 and Patrol 5 trash cans.  
 Place three wash buckets from Patrol 4 and three wash buckets from Patrol 5 inside the trash cans.  
 Place the two lids on top of the trash cans.

### Step 9

Place the Troop Dutch Oven Cooker Box (red box) in the trailer as shown.  
 Place the trash cans from Step 7 in the trailer as shown.  
 Place the Troop Ball Container in front of the Troop Dutch Oven Cooker Box (red box) and the trash cans.  
 Place the SM Conference Buckets, the Tot'in Chit Bucket, and the Fire'em Chit bucket in the trailer as shown.  
 Place the single propane water heater on top of the Dutch Oven Cooker Box (red box).

### Step 10

Place the Troop Game Box on top of the Troop Ball Container  
 Place Patrol 4 and Patrol 5 Dutch Ovens on top of the propane box. Secure the Dutch ovens with the rubber straps.

### Step 11

Place Patrol 4 and Patrol 5 kitchens on the outside of the trailer as shown.  
 Place Patrol 4 and Patrol 5 red boxes inside the kitchens. Leave space between the red boxes.  
 Place Patrol 4 and patrol 5 kitchen legs between the red boxes as shown.  
 Place Patrol 4 and Patrol 5 propane crate holders on top of the two kitchens.

### Step 12

Place Patrol 4 and Patrol 5 fly poles on the left shelf.

### Step 13

Place the Troop Tool Box, bottle jack, and 1-2 fire extinguishers in the trailer using the side door.  
 Place any charcoal bags in the trailer using the side door.  
 Close and lock all doors.
